February News

- There are newly updated and created policies and procedures including policies for updating records, electronic and external files, personal items, discipline and guidance, hours of operation, pictures, medical emergencies, and safe products. Parents will receive a copy that needs to be signed and returned and placed in the child admission file. There is also a copy on www.WataugaPreschool.com under the Policies tab.
- I will also be updating our website this month and I would love to post new recommendation letters and pictures. If you would like your family to be a part, please consider writing a recommendation letter.
- Beginning February 1st we will have new school hours. We will now be open from 7am - 5:30pm.
- Our writing journals have been going good thus far. We write the child's name on the first two lines and our number or letter of the week repeated on the last two lines. I apologize for the error in the January Newsletter, the journals will stay at school and not go home. They help the children recognize letters more efficiently and will help me track their progress.
